OBJECTIVES

The objectives of Gamma Sigma Delta, the honor society of agriculture, are to:

- Advance agriculture and its related sciences in all its phases,
- Improve the relations of agriculture and related sciences to other industries, and
- Recognize the responsibilities of those engaged in all aspects of agriculture to humankind.

Our Society seeks to encourage high standards of scholarship and worthy achievements in all branches of the agricultural and related sciences as well as a high degree of excellence in the practice of agricultural pursuits.
